

it's raining love

it's raining
everything is wet

it's raining love
we are all wet
earth is wet
we are grounded in love

it's raining love
it waters our roots
we are growing
we are big
we are strong

it's raining love
it washes our dust
we are radiant
we are beautiful

we remain held in love
our roots snuggle with the earth
earth feeds on our love
warm roots nourish our buds
colorful flowers play in the sky

it's raining love
The sky is shining
clouds are flowers

we walk in the rain
we are shiny drops

we go with love
we are love
