

Rage – Courage

Were you enraged
as you killed me?

Were you courageous
as you killed me?

Was I enraged
as you killed me?

Was I courageous
as you killed me?

I died with fear
you stayed with fear

Do you still have rage?
Do you still have courage?
Do you still have fear?

I can no longer calm you
I can no longer protect you
I can no longer comfort you

I am dead
